

FUTURE ANYTHING

ACTIVATE

2023 Program Overview
Primary Schools

INTRODUCING

ACTIVATE

Activate is Future Anything's flagship in-curriculum program that empowers teachers, schools and young people to build innovative ideas and enterprising mindsets.

enterprising adjective en·ter·pris·ing | \ˈen-tər-prī-zɪŋ, ˈen-tə-prī-\: marked by an independent energetic spirit and by readiness to act.

Delivered over a Term or Semester, Activate integrates fully with mainstream curriculum delivery as an assessable unit of work.

Activate teachers are supported with hands-on and research backed **professional development**, a comprehensive toolkit (including **lesson plans**, formative and summative **assessment tools** and **case studies**) plus real-time and personalised coaching and support from Future Anything's team of experienced educators.

Activate students explicitly build the **future capabilities** needed to thrive in the future of work. They **celebrate their ideas** at a school showcase event and have the opportunity to take their ideas out of the classroom in our **national pitch competition**, with the best ideas winning the funding and support to launch out of the classroom and into the real world.

Activate schools are **future-focussed**, building **meaningful real-world connections between learning in the classroom and life outside the school gates**. They are connected to the innovation ecosystem through the provision of their very own 'Entrepreneur in Residence' and celebrate their students' and teachers' success through our national pitch competition and the Future Anything Educator Awards.

With supported educators leading future-ready curriculum, together, we can bend the future; one youth-led idea at a time.

Future Anything transforms young people's curiosity and creativity into innovative ideas that make their world a better place.

WHY FUTURE ANYTHING?

WE KNOW SCHOOLS

Future Anything is the only entrepreneurial education provider in Australia that is founded and led by an educator. This means, we know schools and we know curriculum.

INDIVIDUALISED PROGRAMS

We know that curriculum is not plug and play, 'one size fits all'. We work with our schools to differentiate the delivery to ensure that your program supports the needs of your young people and your broader school community.

CONTINUED SUPPORT

We know that confident educators deliver compelling curriculum. That's why we're here for teachers. Our schools have access to ongoing on-demand coaching and support from the FA Team to ensure they're set up for success.

WE BELIEVE IN IDEAS

We're here for your students. We provide pathways post-program for your passionate entrepreneurs to take their ideas out of the classroom and into the real world.

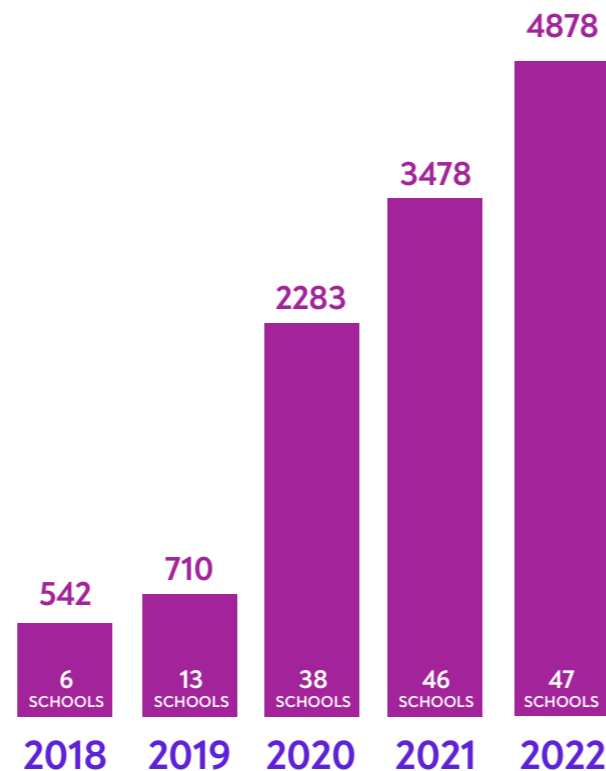

WHY ACTIVATE?

We're building a generation of teachers and young people who 'think' like entrepreneurs; they are enterprising in the way that they approach learning and life.

Activate uses entrepreneurship as a vehicle to build the capacity of young people across six key future capabilities.

100% of teachers said they would recommend Activate to other teachers and schools.

79% of students said they would recommend Activate to other young people.

After completing Activate in 2021, students' confidence increased in all six future capabilities:

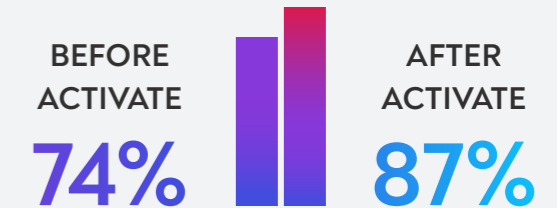

1. PROBLEM SOLVING

Good problem solvers are curious, and use their initiative to understand, define and tackle problems as they arise.

2. COMMUNICATION

Good communicators speak clearly, listen actively and change how they communicate to suit different audiences.

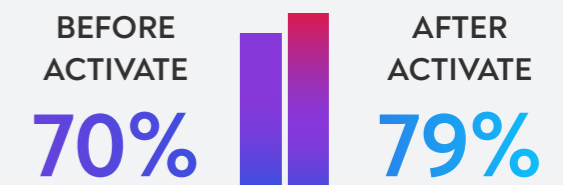

3. CREATIVITY & INNOVATION

Innovators challenge the way we do things through imagining new possibilities. They seek opportunities for improvement and are willing to try and test new ideas (even if they don't always work).

4. ADAPTIVE MINDSET

People with an adaptive mindset adjust to feedback and change, and bounce back from setbacks. They stay curious and positive even when under pressure.

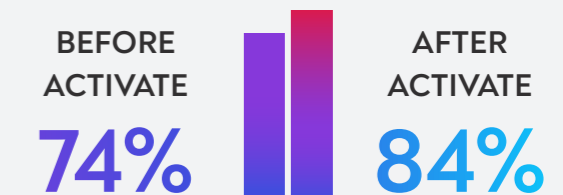

5. COLLABORATION

Good collaborators have the ability to work with different people, build positive relationships and contribute to achieving shared goals. They are able to break large projects into achievable steps, and manage their time and resources efficiently.

6. CRITICAL THINKING

Good critical thinkers question information (who is saying this and why?), look at different opinions or perspectives on an issue and challenge their own thoughts and ideas (why do I think this way?).

HOW IT WORKS

Activate is delivered over a whole term or semester by teachers who are empowered and supported by Future Anything every step of the way.

TERM 1

PRE-PROGRAM

Tailored school induction program

One day of (virtual) professional development

Access unlocked to the extensive Activate curriculum

Introduction to your school's Activator 'Entrepreneur in Residence'

TERM 2 AND/OR 3

PROGRAM DELIVERY

Teachers lead Activate in their classrooms

Access to coaching and support from the Future Anything team

Each school hosts their school showcase event

Interested students apply for the Future Anything finals

TERM 4

POST-PROGRAM

The top 40 teams pitch in our (virtual) semi-finals

Winners progress to our high profile Future Anything Grand Final

Students secure funding + support to launch their ideas

Detailed evaluation and impact reports provided to all schools

“

Activate is a game changer in education, it provides many opportunities for student voices to not only be heard, but celebrated in these ever changing times. If you want to see passionate engaged students in your classrooms, Activate is the way to go!”

Rebecca Maio,
Cardijn College, SA

ACTIVATE PRIMARY STREAMS

STREAM	LOCAL MARKET	LOCAL CHANGEMAKER
Driving question:	<i>“As an entrepreneur, design and develop an innovative product to sell at a local market.”</i>	<i>“As a local changemaker, pitch an innovative idea that encourages young people to actively participate in their democracy.”</i>
Students in:	Years 5 & 6	Years 5 & 6
Program duration:	1 Term / 10 weeks 20 hours	1 Term / 10 weeks 20 hours
Overview:	<p>Ideal for upper-primary and lower-secondary students, our Local Enterprise program is a great hands-on introduction to key business principles and financial literacy.</p> <p>Leaning on Circular Economy principles and using our Entrepreneur’s Odyssey, students ideate, prototype create a market product.</p> <p>This program culminates in students running their own market stall at your very own school-based marketplace.</p>	<p>Ideal for upper-primary and lower-secondary students, our Changemaker program will dig into the fundamentals of Australia’s democracy and citizenship before challenging students to ideate and prototype an idea that would get more young people (just like them) involved in making change in their local community.</p> <p>This program culminates in students presenting their ideas to local decision makers in a class showcase.</p>

<p>ADD ON 1</p> <p>FOR YOUR TEACHERS</p>	<p>ADD ON 2</p> <p>FOR YOUR STUDENTS</p>	<p>ADD ON 1 + 2</p> <p>FOR YOUR SCHOOL</p>
<p>Build educators' capability and confidence with a full day of face-to-face Professional Learning for your Activate teaching team on site at your school on a day of your choosing. We'll come to you, and contextualise the PD to meet the needs of your teachers and school community.</p>	<p>Amplify the Activate experience and boost student engagement with a one-day face-to-face workshop for your Activate students. We come to you; running an engaging day of listening, learning and doing that will set your students (and teachers) up for Activate success.</p>	<p>Why not have both? Add one day of face-to-face professional learning for your Activate teaching team AND an engaging one-day workshop for your Activate students. Plus, to help build momentum, we'll also run a one hour PD session for your whole staff on one of the days.</p>
<p>\$2950^{+GST}</p>	<p>\$2950^{+GST}</p>	<p>\$5500^{+GST}</p>

“

Activate is an amazing program that takes students through a process that not only helps them to create a business idea, but makes them believe in themselves. The Activate program enables students to experience a world outside of school, and show them all the possibilities they can achieve.”

Vicki Cull, Redbank Plains SHS

WHAT'S INCLUDED

CORE ACTIVATE INCLUSIONS

Activate includes everything teaching teams need to embed enterprising mindsets in every classroom.

BESPOKE 1-1 INDUCTION PROGRAM

We meet with your key teachers and leaders prior to kicking off the program to ensure you're set up for Activate success.

TEACHER ONLINE PROFESSIONAL DEVELOPMENT WORKSHOP

All Activate teachers have access to an engaging day of professional learning covering everything from the pedagogy of project-based learning to networking with experienced Activate teachers on how to get the most out of the program.

FULLY RESOURCED CURRICULUM WITH ASSESSMENT INSTRUMENTS

Log in to our easy-to-use learning management system to access lesson plans, resources (including PowerPoints, templates, case studies and more!). [See a preview of the content here.](#)

YOUR SCHOOL'S OWN 'ENTREPRENEUR-IN-RESIDENCE'

Each school is matched with an industry leader, supporting teachers and students as a mentor, sounding board, and cheerleader throughout Activate. [Meet the 2022 Activators here.](#)

1 x CATAPULT CARDS KIT

Catapult Cards are a series of process-driven decks of cards that support classrooms to go from looking at problems around them through to pitching their own innovative, scalable and sustainable idea. [Check them out here.](#)

ONGOING COACHING + SUPPORT FOR TEACHERS

Each school is partnered with a Future Anything Program Manager- your go to for everything you need throughout the delivery of the program.

ACCESS TO A COMMUNITY OF LIKE-MINDED EDUCATORS

Each year we have hundreds of teachers delivering Activate around the country (and the world).

SUPPORT TO DELIVER YOUR OWN SCHOOL SHOWCASE EVENT

The culmination of your school's Activate program is your very own school-based showcase event. We support you with everything you need to run a calendar-stopper.

NATIONAL STUDENT COMPETITION WITH PRIZES

All students can apply for our Future Anything Finals with the chance to pitch for the funding and support to launch their ideas out of the classroom and into the real world.

TAILORED EVALUATION & REPORTING

As educators, we know how powerful real-time data can be for supporting you and your learners, so we provide all schools with bespoke impact reports pre- and post-program so you can see exactly what your students get out of their Activate experience.

“

The biggest takeaway for me from Activate is seeing students shine, and particularly those who don't always get that opportunity. Because that's why we become teachers, so that we can provide opportunities for students to shine. It's really about those experiences.”

Chris Gauthier
Yarrabilba State Secondary College
& Future Anything Educator of the Year 2021

NEXT STEPS

Check out our [Activate FAQ here](#).

Want to chat about the right program for your school?

We'd love to hear from you, email us at hello@futureanything.com and we can set up a time to chat.

“

Future Anything is an amazing program. It gave me the opportunity to pitch my own business idea to a panel of judges who were actually really inspiring entrepreneurs in their own right. I'm in the process of starting my own business- which is so much more than I could have ever asked for. I have grown confidence and become much more resilient. I would recommend this program to every school! It is a once in a lifetime opportunity for students."

Tanieka Booth-McNeill
Student, Founder of Shielded Socks,
& National Grand Final Winner 2018.
